## EXERCISE

Do you wish to exercise when you are staying with us? Right outside the hotel, there is a fabulous walkway that extends along lake Mälaren. It is perfect for a nice walk or a run.

During winter time, lake Mälaren freezes over really nicely and there is a plowed track for you who wishes to bring your skates. If you prefer to work out at a gym, we can recommend a visit to SATS or Timeout, which offers both exercising and a spa. Both facilities is only a short walk from 32 rum & kök.

## ACTIVITIES

You probably do not need to sit in meetings all of your time here, and at 32 rum & kök you can make the most of your leisure time. A cup of coffee for example will taste just as good in the garden as during rowing and during winter time the ice is very inviting so do not forget your skates.

If you want to stay on dry land, you can explore the charming alleys of Sigtuna on a tour of the city. You can also go on a chocolate or drink tasting or play boule in our garden. We have a wide range of things to offer you and are very willing to help you to book the right activities for you.
